# Welcome to your EdVenture!

Thank you for your interest in the Edison robot and associated products. We are so excited that you are looking to introduce your students to fun STEM learning!

In this document, you will find information that you, or your purchasing team, may need to complete vendor information prior to submitting an order with us.

You'll also find the answers to some frequently asked questions about the ordering process to assist you in getting started on your EdVenture sooner.

Have a question not covered here? Feel free to contact our friendly team at  
<https://meetedison.com/edison-robot-support/contact-us/>

We'll be more than happy to assist!

Additional information regarding ordering on behalf of a US school: More information can be found at  
<https://meetedison.com/australian-us-school-credit-terms/>

# What products are available?

## Edison robot

Each robot includes its own EdComm programming cable.

Available in any required quantity with bundle discounts available on orders of 10, 20 or 30 units, or as part of our STEM packs.

- See more information about our packs at  
<http://meetedison.com/shop/>
- Find more information about pricing at  
<https://meetedison.com/content/Customer-Price-List-website.pdf>
- Learn more about the Edison robot:  
<https://meetedison.com/why-edison-robot/>

## EdCreate Edison robot creator's kit

Each kit contains 115 interlocking building blocks, pegs, gears, and other parts. The individual EdCreate pieces are designed with studs and holes which are compatible with Edison robots and any other LEGO brick compatible building system.

Available in any required quantity with bundle discounts available on orders of 10 or 15 units, or as part of our STEM packs.

- See more information about our packs at  
<http://meetedison.com/shop/>
- Find more information about pricing at  
<https://meetedison.com/content/Customer-Price-List-website.pdf>
- Learn more about EdCreate:  
<https://meetedison.com/edcreate/>

## EdSketch Pack

Unlock even more potential using EdSketch with your Edison robot. EdSketch is a two-pack expansion kit, which includes the EdSketch Pen Holder and EdSketch Marker Pens. EdSketch enriches students' STEAM education experience, incorporating art into programming projects.

- See more information about EdSketch at  
<https://meetedison.com/product/edsketch-pack/>

## Edison robot spare parts pack

Edison robots are built to last, but sometimes it is useful to have a few spares on hand to help students who may misplace removable parts.

Available in any required quantity.

- See more information, including a detailed list of the pack's contents here:  
<https://meetedison.com/product/edison-spare-parts-pack/>

## EdComm cable 10 pack

Please note that each Edison robot includes its own EdComm programming cable.

This pack is for spare replacement cables only.

Available in any required quantity (each single pack contains 10 units).

- See more information here:  
<https://meetedison.com/product/edcomm-10-pack/>

## EdComm 3100 cable 10 pack

Please note all Edison robots are shipped with an included standard EdComm cable, located in the battery compartment. The EdComm 3100 10 pack is designed to be used by 3100 Chromebook users (or as advised by our technical team).

Available in any required quantity (each single pack contains 10 units).

- See more information here:

<https://meetedison.com/product/edcomm-3100-10-pack/>

## Edison spare skid 20 pack

Please note that each Edison robot includes its own skid. This pack is for spare replacement skids only.

Available in any required quantity (each single pack contains 20 units)

- See more information here:

<https://meetedison.com/product/edison-spare-skid-20-pack/>

Information on bundles and pricing can be found here - <https://meetedison.com/content/Customer-Price-List-website.pdf>

## How do I request a quote?

Requesting a quote for Edison robots (or any associated products) is easy! You can complete the online quote generator form (available at <https://meetedison.com/teacher-purchasing-guide/>) and someone from our team will be in touch within 1-2 business days with an official quote and additional purchasing information.

Alternatively, please contact our team via our online form (<https://meetedison.com/edison-robot-support/contact-us/>) and select the 'requesting a quote for a school, university or library' option from the drop-down menu.

Please be sure to include your name, location, and what you would like to order (including the quantity of each product). One of our friendly team will be back in touch within 1-2 business days with a quote and additional purchasing information.

## Do you accept purchase orders?

We accept purchase orders from US schools, universities or libraries and offer 30-day credit terms<sup>1</sup>.

Email your purchase order to [orders@microbric.com](mailto:orders@microbric.com) or send it via fax to 806-429-4248.

Once the purchase order is received, an invoice will be emailed with 30-days credit. Please note that you should receive confirmation via email that we have received your purchase order within two business days. If you have not received confirmation after this time, please contact us again at [orders@microbric.com](mailto:orders@microbric.com) to ensure receipt of your purchase order.

---

<sup>1</sup> Note that credit is limited to \$5,000 USD and is only available to schools located in the United States of America or Australia. Any orders over \$5,000 USD will require payment prior to shipping. More information can be found on our website at <https://meetedison.com/australian-us-school-credit-terms/>

# How can I get my school's support in placing an order?

Sometimes getting your school's support is one of the hardest challenges in introducing a new program to your classroom. Whether it's getting your principal, a department head or even the Department of Education on board, you have a much better shot at getting your plans off the ground with backing and buy-in from others.

Check out these additional resources that may help you succeed in your quest to bring Edison and STEAM to your classroom:

- Learn [5 tips for getting your school's support for your STEM program](#)<sup>2</sup> in this article
- Showcase the benefits of using Edison from our '[Why Edison](#)'<sup>3</sup> page
- Demonstrate how other schools are using Edison in their classroom. See our [Pinterest page](#)<sup>4</sup> for some great ideas from other teachers
- Get tips and guidance on writing up a grant with [the Edison grant application starter guide](#)<sup>5</sup>

# My school is tax-exempt. Do I need to send a tax-exempt form?

There is no need to send a copy of your tax-exempt form to us when placing your order. There will be no additional taxes charged to you at the time of invoicing.

# Can you provide me with a Sole Source Vendor letter?

We are unable to provide you with a Sole Source Vendor letter as we are not a sole source vendor - we have distributors that stock our product worldwide, including in the United States.

You can find all of our distributors on our website - <https://meetedison.com/where-to-find-edison-near-you/>

# I need to purchase additional classroom supplies. Can I purchase Edison robots from a local stockist?

Edison robots are sold around the globe through some of our fantastic suppliers.

You can find a list of Edison robot stockists near you on our website - <https://meetedison.com/where-to-find-edison-near-you/>

## Additional help

Contact our team at <https://meetedison.com/edison-robot-support/contact-us/> with any questions that you may have.

One of our friendly team members will get back to you within 1-3 business days.

Your EdVenture is just beginning! Our team is looking forward to being a part of it all, whether it is through answering your questions or supporting you through our videos, lesson plans and resources.

Together we can make robotics for everyone a reality.
